

UNITED FORUM OF RESERVE BANK OFFICERS & EMPLOYEES

28th April, 2014

Friends,

Updation of Pension & fresh option

Bank invited United Forum today at Mumbai for exploratory discussions on the issues of pension updation and fresh option following our meeting with the Governor in this regard on March 26, 2014. Before meeting the Bank the United Forum met with Shri Arun Samaddar (AIRBWF) in the Chair and decided to reiterate our serious apprehensions arising out of Government's communication to the Bank.

Bank took note of our concerns and assured that Bank would be making endeavour to address those and protect the interests of employees and retirees, regarding fixation of pay for pension, "rationalization" of perks and perquisites, alignment with the banking sector including SBI for compensation package with A+ position every five years following settlements there, appropriate amendment of RBI pension regulations etc.

The United Forum met new Deputy Governor, in-Charge of Administration (Shri R. Gandhi), who was greeted by us; he assured that Bank would do its best to protect the interest of its staff and would not agree to any proposal /suggestion of the Government inimical to staff's interest.

We thanked him and the Governor.

The United Forum took stock of the developments and Bank's responses. It decided to fight any unjust imposition from the Government on RBI staff, both in short term and long term, and called upon all sections of RBI staff to remain firmly united and support the collective efforts of the United Forum to clinch the issues for which we have been painstakingly trying for last more than six years, ensuring in the process sympathetic support of the RBI Central Board and successive Governors.

Let us remain alert about further developments and do not pay any heed to hearsay and rumours.

With greetings

Yours fraternally,

(Samir Ghosh)
General Secretary
AIRBEA

(S.V. Mahadik)
General Secretary
AIRBWF

(C.M. Paulsil)
